- use of underpainting and blocking in colour
- different painting techniques, glazing and patterning
- how to add details and use line and colour to create an impression or feeling

-Students should bring **photos of nature** that might inspire them to paint.

-Students will need to **bring their own canvas, acrylic paints, brushes etc.** ('good quality paints do make a difference in the results, but I want students to learn to use what they already have available'),

Lynda will bring what she uses and introduce different tools and materials to share ideas.

### Lynda Glover-About the Artist

**“The energy that shapes the world springs from emotions”. (George Orwell)**

Lynda's emotional connection with art and creativity goes back as far as she can remember, drawing and painting in her backyard in EastVancouver. At the University of British Columbia, Lynda was inspired by many fine art teachers, including Penny Goldstone, Sam Black, Bob Steele, Jim MacDonald, Jim Healy, and Gordon Smith. She graduated from university in 1971 with a teaching degree and a double major in art. She spent many years teaching children and adults, being an art coordinator, developing curriculum and serving on committees for West Vancouver and the Comox Valley.

**"Colour in a painting is like enthusiasm in life." (Vincent VanGogh).**
